

What to Do in an Accident or Breakdown

Informative translation — the Czech version prevails.

Poutník · GM Rent&Diggers s.r.o. · 24/7 assistance for tenants on the road: +420 723 707 958

Secure the scene. Turn on the hazard lights, put on a hi-vis vest, and set out the warning triangle.

Health comes first. If anyone is injured, call 155 (ambulance) or 112 (the single European emergency number).

You must call the police (158) if: someone was injured; the damage exceeds CZK 100,000; a third party or their property was damaged; or you and the other party cannot agree on how the accident happened.

Fill in the European Accident Statement. The form is kept in the vehicle **[[TO BE CONFIRMED — location in the vehicle]]**.

Photograph the scene — damage to both vehicles, number plates, the other party's documents, and any road signage.

Do not admit anything. Do not sign an admission of fault — liability is a matter for the police and the insurer.

Call assistance. ČSOB Pojišťovna's 24/7 assistance line: +420 466 100 777 and Poutník's 24/7 line: +420 723 707 958.

In a breakdown, stop driving if the oil or engine-temperature warning light comes on — the engine may seize. Stop and call the Poutník line.

Accident abroad

Take the green card (kept with the vehicle's documents) and the European Accident Statement. Permitted countries: EU/EEA, Switzerland, the United Kingdom, the Balkans. Not permitted: Russia, Belarus, Ukraine, Moldova, Turkey and countries outside Europe.

Flat tyre

A spare wheel or a puncture repair kit — equipment differs by vehicle, check before you set off. **[[TO BE CHECKED for each vehicle]]**
