

Rental Rules

Informative translation — the Czech version prevails.

Poutník · GM Rent&Diggers s.r.o., Plovární 478/1, 301 00 Plzeň, IČO 23741392, DIČ CZ23741392

version 1.6 · effective 1 October 2026 · supplements the Terms and Conditions and Fee Schedule

1. Collecting the vehicle

- Collect the vehicle at the agreed time, standardly between 14:00 and 18:00, in Prague or Plzeň, or elsewhere by arrangement, for a surcharge. An earlier collection (8:00–14:00) is possible for a surcharge under the Fee Schedule, if agreed in advance.
- Bring a valid driving licence and ID card or passport; the same applies to any named second driver.
- At collection we draw up a handover protocol recording its condition (mileage, fuel, cleanliness) with photos — check it before signing.
- Pay the security deposit at collection — by bank transfer in advance or in cash — in the amount stated in the contract. For the Mercedes-Benz X 250d 4×4 and Toyota Land Cruiser, the deposit amount depends on the chosen protection package (see Article 3); it is paid in the same way as for the other vehicles, at the latest at collection. The vehicle cannot be handed over without the deposit.
- For 4×4 vehicles, handover includes a mandatory briefing on the off-road modes of at least 15 minutes (2H/4H/4L or H4/L4, differential lock, tyre pressure, fording, the Emergency Card, recovery points), which you confirm by signing the handover protocol — the vehicle is not handed over without it.

2. Handling the vehicle

- No smoking in the vehicle.
- Animals may travel only by prior agreement (surcharge per the fee schedule).
- The vehicles run on diesel and use AdBlue — do not mix the two, and check/top up AdBlue regularly.
- All vehicles can be driven on a category B licence (up to 3.5 t) — before barriers, underground car parks or height-restricted car parks, check height and width in the registration certificate or manual.
- The VW Multivan and Citroën Hobby must not be driven off surfaced roads.
- Use the 4×4 off-road modes (Mercedes-Benz X 250d, Toyota Land Cruiser) only as described in the vehicle's manual and the off-road rules in Article 3.
- With a roof or bed tent fitted, drive only with it folded down and secured, max. 80 km/h — this also applies to the VW Multivan.
- Always lock the vehicle, never leave keys or documents inside unattended, and park in guarded or well-lit places where possible.
- Vehicles may be fitted with GPS localisation for asset protection and assistance; we read the location only in the event of damage, theft, non-return of the vehicle or a request for assistance, and delete the records within 30 days at the latest (see the Personal Data Processing Notice).

3. Off-road driving in a 4×4 (Mercedes-Benz X 250d, Toyota Land Cruiser)

The off-road drivetrain may only be used on surfaced and unsurfaced public roads where access is permitted — including forest and field tracks and driving on snow. In winter, use snow chains as required by the road signage on the road concerned.

Without our prior written consent, it is prohibited to: take part in races or timed events; drive in off-road parks or on training grounds; drive off the tracks (meadow, field, forest, riverbed); ford water deeper than 450 mm (Land Cruiser) or 400 mm (Mercedes X); drive on beaches, dunes or frozen bodies of water; drive with the roof tent open; and tow or recover other vehicles. In addition: in low range L4/4L max. 25 km/h, on unpaved tracks max. 50 km/h; tyre pressure off-road at least 1.8 bar, never less, with reduced pressure max. 30 km/h; off-road driving in daylight only; maximum side slope 20°; with the roof tent max. 80 km/h. If the vehicle gets stuck, the tenant follows the Emergency Card (max. 3 recovery attempts by rocking, spinning the wheels no longer than 3 s each time, never spinning the wheels in place any longer) and then calls the lessor's 24/7 line; attempts beyond this, digging under the vehicle, and towing from anything other than the approved points are a breach of the off-road rules. A breach is subject to a contractual penalty of **CZK 13,000** and full compensation for the resulting damage — not limited by any protection package.

For these two vehicles, the tenant may additionally choose a liability-reduction package — **Bezstarostně** (Carefree) or **Bezstarostně+** (Carefree+) — which reduces the excess and the deposit (see the Fee Schedule, Annex No. 2, for the overview and prices). Without a chosen package (Základ / Basic), the excess and deposit are as set out in the rental contract and the General Terms and Conditions.

4. Motorhome — operating the equipment

- **Water** — top up with drinking water only at designated points (filling stations, campsites).
- **Toilet cassette** — empty only at designated points (campsites, service stations), never into the sewer or open countryside. Not emptied on return: charged per the fee schedule.
- **Gas** — shut off while driving and refuelling.
- **230 V** — use your own extension cable at a campsite, and observe the connection's fuse rating.
- **Awning** — extend only in calm weather, always retract before setting off; damage is paid by the tenant per the fee schedule.
- **Campsite / quiet hours** — observe quiet hours and the site's house rules.

5. Travelling abroad

The EU/EEA, Switzerland, the UK and the Balkans are permitted; Russia, Belarus, Ukraine, Moldova, Turkey and countries outside Europe are not. Please let us know your planned route in advance. The green card is kept with the vehicle's documents; the tenant arranges any motorway vignettes and permits needed for the country concerned.

6. Accident or breakdown

Follow the separate document [What to Do in an Accident or Breakdown](#) (kept with the vehicle, also downloadable on the website) and call the Poutník 24/7 line without delay on **+420 723 707 958**. If injured, call 155 or 112, and the police on 158, per that document's conditions.

7. Returning the vehicle

Return the vehicle at the agreed time (standardly 8:00–11:00, or the time agreed at booking) and place, full tank, clean, with the toilet cassette emptied (motorhome). At return we draw up a return protocol recording its condition; any differences from collection are settled on the spot.

8. Penalties and fees

Fees apply for late return, soiling, insufficient refuelling, smoking and other breaches of these rules, per the [Fee and Charges Schedule](#), an annex to the rental contract.
